Abstract Submission Open

Dear Esteemed Colleague,

We are pleased to invite you to submit abstracts for SSMG Annual Conference 2025, which will be held on April 26th-27th, 2025, at the College of Dentistry, King Saud University, Riyadh, Saudi Arabia.

The submission deadline is 16 April 2025.

Abstracts should be submitted via our online submission portal. All submitted abstracts will undergo a rigorous peer-review process, and selected abstracts will be presented during the conference either as oral presentations or posters. Notifications of acceptance will be sent by email: INFO@SSMG.ORG.SA

THE PRIZE FOR WINNER OF THE SIENTIFIC POSTER COMPETI

We look forward to your valuable contribution and hope you will join us for a stimulating and rewarding conference experience.

ABSTRACT SUBMISSION

Abstracts are to be submitted via email info@ssmg.org.sa

* Abstracts must be in English, in Word Doc format, and should not exceed 500 words.

The presenting author should obtain the necessary regulatory permissions and take responsibility for the accuracy of the results.

- * An email confirming the receptive abstract, including an abstract number, will be sent to the submitting author. This number should be quoted for all further correspondence.
- * Abstracts will be reviewed by the committee and selected for oral/poster presentation on the basis of merit.
- * The acceptance and mode of presentation will be communicated to the authors via email within 2-7 working days from the date of submission.
- * Please note that no more than two submissions will be allowed per presenter due to possible program limitations. Please read the submission requirements carefully, as submissions will not be changed later Where possible, abstracts will be published as received, and the organizers reserve the right to make changes for editing purposes. It is the responsibility of the main author to minimize errors in the program
- The text may be typed in or copy/pasted from an existing document.
- The abstract body should be structured as: follows Background - Material and Methods - Results - Conclusion
